Request for Change in Allocation Method DHC-1922
Downhole Commingling
Elliott Gas Com R #1E
Unit C Section 34-T30N-R9W
Basin Dakota and Blanco Mesaverde Pools
San Juan County, New Mexico

At the request of the BLM, we are supplying you an amended allocation for the captioned well. The BLM requested that we allocate this well based on the subtraction method. We propose using the Basin Dakota production as the baseline production on this well using the subtraction method to determine Mesaverde production. We have attached future monthly production estimates for the Dakota gas based on historic production trends. Since oil is attributed entirely to the Mesaverde, we request that the oil allocation be maintained on a percentage basis with the Mesaverde receiving 100% of the oil production from this well.

Should you disagree with this method of allocation or have questions regarding this request, do not hesitate to call me at (303) 830-5344.

Sincerely,

Pamela W. Staley
