David: the application is incorrect in that there truly are differing interests in this well. Thanks for asking and catching that. Am getting the interest owners list today from our Land Dept, will mail those out tomorrow. I'll fax you a copy of the list. Sorry for the screwup. (and I'm bringing you more tomorrow - they're never ending it seems)

Hi Peggy,

Listen, your application states that interest ownership is common. Is this in fact the case? Just want to verify. Please advise.

Thanks,

David
