Subject: Approval of Avalon Delaware Unit #238 Remediation Proposal

Mike,

Thanks again for meeting with me and Eric concerning the Remediation Proposal on the Avalon Delaware Unit #238 leak. We are requesting approval of our proposal as submitted with the exception of the following:

- a) ExxonMobil will not drill deeper in SB3 to determine total delineation and
- b) We will increase the top soil from 3' to 4' of cover (as you requested).

We look forward to hearing from you regarding the approval of our plan.

Thank you,

Doug Parks

Subject: ADU 238 Approval

Categories: Purple Category

Mike,

Will you be sending me something (email) approving our proposal for the remediation of the ADU 238 leak?

Thank you,

Doug Parks
