Re: Application of Matador Production Company for administrative approval of an unorthodox well location for its Janie Conner 13-24S-28E RB #204 well (API 30-015-pending) located in the S/2 S/2 of Section 13, Township 24 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Dear Mr. Catanach:

Matador Production Company (OGRID No. 228937) seeks administrative approval of an unorthodox well location for its Janie Conner 13-24S-28E RB #204 well (API 30-015-pending) to be completed within the Pierce Crossing, Wolfcamp, Northwest (Gas) pool (Pool Code 96712) underlying Section 13, Township 24S, Range, 28E, Eddy County, New Mexico. Attached as **Exhibit A** is a plat for the well. This well is a horizontal well that will be drilled as follows:

- Surface Hole Location: 385 feet from the South line and 255 feet from the East line of Section 14;
- First Perforation Point: 330 feet from the South line and 330 feet from the West line of Section 13;
- Last Perforation Point: 330 feet from the South line and 330 feet from the East line of Section 13; and
- Bottom Hole Location: 331 feet from the South line and 240 feet from the East line of Section 13.

Matador Production Company is requesting this NSL in order to efficiently produce its interests in Section 13. This well is producing from the Pierce Crossing, Wolfcamp, Northwest (Gas) pool (Pool Code 96712). There are no special pool rules for this pool, and thus the setback requirements under Rule 19.15.15.10(B) of 660' apply. As a result, the completed interval for this well encroaches on the adjoining spacing units in Sections 14, 23, and 24 in

Township 24 South, Range 28 East, and Sections 18 and 19 in Township 24 South, Range 29 East. **Exhibit B** is list showing the surrounding ownership and the project area for the proposed Janie Conner 13-24S-28E RB #204 well in relation to adjoining units.

Exhibit C is a list of the parties affected by the encroachment to the East, South, and West. Each of these parties have been provided notice of this application by certified mail, return receipt requested, advising them that if they have any objection to this well, it must be filed with the New Mexico Oil Conservation Division within 20 days of the mailing of this notice. In addition, a copy of this application has also been provided to the New Mexico State Land Office.

Your attention to this matter is appreciated.

Sincerely,

Jennifer L. Bradfute
