RECEIVED

Describe Cause of Problem and Remedial Action Taken.* At 8:30 AM MST on 12-22-2015 Juan Francisco with Top map Rental Called Loco Hills fire Department and Reported Apache's Hummingbird Battery was on fire. Fire department arrived around 4:30 AM and shut-in wells and Contained the fire.

Describe Area Affected and Cleanup Action Taken.* When gasket blew out on the fire tube an area on the north east side of containment was sprayed. All other fluid was contained inside of the Containment. Vacuum Trucks were called out to pick up any fluid that was left inside of the Containment.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

ALL,

Here is a copy of the C 141 on the hummingbird tank battery fire. I hope I have enough detail. Please feel free to call if you have any questions.

Thank you

Craig Maxwell
