RECEIVED OGD

Dear Ms. Pinkerton:

We are in receipt of your application of June 10, 2015 requesting to amend the surface commingling of oil, gas, and water production from State 2 #8 well through Chevron's West Shugart Central Tank Battery.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division. Please submit a copy of the NMOCD's approval to this office.

Our approval does not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.

Your \$30.00 dollar filing fee has been received.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

  
AUBREY DUNN
