I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Shelly,

Attached you will find the initial C-141 for the release at the Stevens B Tank Battery on 4/23/15. This release was under 5 barrels but it did leave the pad and flow into the nearby pasture.

If you have any questions or need any additional information, you can contact me at 817-583-8730 or Johnny Titsworth at 432-425-2891.

Thank you
