Jim,

Thank you...I checked with Mike Bratcher at the funeral for Phil Hawkins today, Mike will be out of office till Tuesday, he informed me that if you granted approval to backfill at the Neste Williams Federal No.2 it would also be OK with NMOCD.

Have you reviewed the analytical reports for the remediation at the Cimarex Energy Co. Neste Williams Federal No.2? Do we have approval to start backfilling the excavated area at the Tank Battery? Please contact me if further information is required.
