**Release Notification and Corrective Action**

**OPERATOR**

Initial Report  Final Report

Name of Company	Southern Union Gas Services	Contact	Curt Stanley
Address	801 S. Loop 464, Monahans, TX 79756	Telephone No.	575-390-7595
Facility Name	4 Inch Lateral (2/18/13)	Facility Type	Natural Gas Pipeline
Surface Owner	Woolworth Trust	Lease No.	30-025-38822

**LOCATION OF RELEASE**

Unit Letter	Section	Township	Range	Feet from the	North/South Line	Feet from the	East/West Line	County
F	17	25S	37E					Eddy

Latitude 32 degrees 08.142' North Longitude 103 degrees 10.729' West

**NATURE OF RELEASE**

Type of Release	Natural Gas, Crude Oil and Produced Water	Volume of Release	25 bbls	Volume Recovered	None
Source of Release	4 inch Natural Gas Pipeline	Date and Hour of Occurrence	Unknown	Date and Hour of Discovery	February 18, 2013 - 1108 hours
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Geoff Leking (NMOCD District 1)			
By Whom?	Curt Stanley	Date and Hour	February 18, 2013 - 1531 hours		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.\*

GW @ 51'

Describe Cause of Problem and Remedial Action Taken.\*

A four (4)-inch low pressure steel natural gas pipeline developed a leak, resulting in a release of natural gas, crude oil and produced water. During initial response activities the pipeline was clamped to mitigate the release. The affected steel pipeline will be cut and capped and permanently taken out of service.

Describe Area Affected and Cleanup Action Taken.\*

An irregular area measuring approximately 60 feet in width and 200 feet in length was impacted by the release. On February 18, 2013, saturated soil was scraped from the ground and stockpiled on 6 mil plastic. The saturated soil was transported to Sundance Services on February 22, 2013. The release will be remediated to NMOCD regulatory Standards.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
