Alan,

Here is a jpeg of the map aerial view of the pipeline release point and the draw that leads down to the lake.

 Hi Alan,

I spoke with you earlier today about the spill in Brantley Lake. Adrian Stiteler forwarded me your contact information and was kind enough to pass on a message to you to call me. So I thought I would return the favor by sending you my contact information so you would have it on hand if need be.

I'd like to thank you also for your assistance earlier today as well. It was greatly appreciated. Hope things calm down for the park and the "migrating docks" in the next couple of days!
