Application for surface commingle, Bone Spring and Delaware Pools, Eddy County, NM (T19S, R30E, Section 2)

Dear Sirs,

Chevron U.S.A. Inc. respectfully requests administrative approval to amend the existing surface commingle oil, gas and water production from the Bone Spring and Delaware Pool through Chevron's West Shugart Central Tank Battery. The current order is PC-1289. Chevron requests the approval to add the State 2 #6 to the existing order. Wells producing to this battery include the West Shugart #2H, West Shugart #3H, West Shugart #4 and State 2 #8. These wells are located in Section 2, T 19S, R 30E in Eddy County, New Mexico. The State 2 #6 is completed in the Shugart-Yates-7Rvs-Queen-Grayburg Pool.

The working interest and federal royalty rate are the same for all leases involved in this request (100 Chevron and 1/6 Royalty to the State of NM Public Land Office.). The wells located in the section will be allocated by monthly well test with Coriolis on oil and EFM on gas, a schematic showing the configuration is attached.

Sincerely,

Cindy Herrera-Murillo
Permitting Specialist

Application For Commingling at a Common Central Tank Battery
Amending existing order PC-1289

Chevron USA Inc.

Application for surface commingle, Bone Spring and Delaware Pools, Eddy County, NM (T19S, R30E, Section 2)

Dear Sirs,

Chevron U.S.A. Inc. respectfully requests administrative approval to amend the existing surface commingle oil, gas and water production from the Bone Spring and Delaware Pool through Chevron's West Shugart Central Tank Battery. The current order is PC-1289. Chevron requests the approval to add the State 2 #6 to the existing order. Wells producing to this battery include the West Shugart #2H, West Shugart #3H, West Shugart #4 and State 2 #8. These wells are located in Section 2, T 19S, R 30E in Eddy County, New Mexico. The State 2 #6 is completed in the Shugart; Yates-7Rvs-Queen-Grayburg Pool.

The working interest and federal royalty rate are the same for all leases involved in this request (100 Chevron and 1/6 Royalty to the State of NM Public Land Office,). The wells located in the section will be allocated by monthly well test with Coriolis on oil and EFM on gas, a schematic showing the configuration is attached.

Sincerely,

A handwritten signature in black ink that reads "Cindy Herrera-Murillo".
