Re: Application of Matador Production Company for administrative approval of unorthodox well location for its Janie Conner 13-24S-28E RB #222H well located in the N/2 of Section 13, Township 24 South, Range 28 East, N.M.P.M., Eddy County, New Mexico (the "Well").

Dear Mr. Catanach:

Matador Production Company (OGRID No. 228937) seeks administrative approval of an unorthodox well location ("NSL") for its Janie Conner 13-24S-28E RB #222H well (API No. forthcoming) to be completed within Northwest Pierce Crossing- Wolfcamp Gas Pool (Pool Code 96712) underlying the N/2 of Section 13, Township 24S, Range 28E, N.M.P.M., Eddy County, New Mexico. A C-102 for the Well is attached as Exhibit A. This is a horizontal Well that will be drilled as follows:

Janie Conner 13-24S-28E RB #222H

- **Surface Hole Location:** 1856 feet from the North line and 356 feet from the East line of Section 14, Township 24 South, Range 28 East;
- **First Perforation Point:** 1650 feet from the North line and 330 feet from the West line of Section 13, Township 24 South, Range 28 East;
- **Last Perforation Point:** 1650 feet from the North line and 330 feet from the East line of Section 13, Township 24 South, Range 28 East; and
- **Bottom Hole Location:** 1650 feet from the North line and 240 feet from the East line of Section 13, Township 24 South, Range 28 East.

Matador Production Company is requesting this NSL in order to efficiently produce its interests in Section 13. This Well will produce from the Northwest Pierce Crossing- Wolfcamp Gas Pool (Pool Code 96712). There are no special pool rules for this pool, and thus the setback requirements under Rule 19.15.15.10(B) of 660' apply. The completed interval for the proposed Well is closer than 660' from the boundary of the project area. The unorthodox location will encroach towards the E/2 and NW/4 of Section 14, Township 24 South, Range 28 East and the W/2 and NE/4 of section 18, Township 24 South Range 29 East. A list showing the surrounding ownership and the project area for the proposed Well in relation to adjoining spacing units is attached as **Exhibit B**.

A list of the parties affected by the encroachment is attached as **Exhibit C**. Each of these parties has been provided notice of this application by certified mail, return receipt requested, advising them that if they have an objection to the location of this Well, it must be filed with the New Mexico Oil Conservation Division within 20 days of the mailing of this notice. In addition, a copy of this application has also been provided to the New Mexico State Land Office.

Your attention to this matter is appreciated.

Sincerely,

Zoë E. Lees
