Re: Paying Well Determinations  
Lea Unit  
Lea County, New Mexico

Dear Mr. Darden:

We have determined that the seven completed wells in the Lea Unit on the enclosed list are capable of producing unitized substances from the Bone Spring Formation in paying quantities as defined in Section 9 of the unit agreement. Consequently, an application for a sixth revision to the Bone Spring Formation Participating Area "A" shall be filed with the Reservoir Management Group pursuant to Section 11 of the unit agreement by June 30, 2018.

If you have any questions, please call the undersigned at (307) 261-7685.

Sincerely,

/s/ J. David Chase

J. David Chase  
Chief, Reservoir Management Group
