Re: Cancel Request for Administrative Approval for Simultaneous Dedication of Jayhawk #1 well (API No. 30-025-34329) and Jayhawk "35" State # 3 well, 1504' FSL & 428' FWL, Unit L, Section 35, T19S, R37E, Lea County, New Mexico

Dear Mr. Stogner:

Chevron wishes to cancel the request made on April 4, 2006 for administrative approval to Simultaneously Dedicate the allowable for the Monument Tubb to the Jayhawk #1 well and the Jayhawk "35" State #3 well on a standard 80-acre oil spacing and proration unit.

It is my understanding that the S/2 SW of Section 35, Township 19 South, Range 37 East, Lea County, New Mexico is a standard 80-acre lay-down oil spacing and is currently dedicated to Chevron's Jayhawk #1 well (API No. 30-025-34329).

Your attention to this request is appreciated. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Carl Okpattah", written over a large, stylized, looped flourish.
