Re: Non S

Non Standard Location

State DZ #2 well (State Lease #NM VA 1873)

990' FSL & 1200' FWL (Unit M) of Section 23, T12S, R38E

Trinity (Wolfcamp) Field Lea County, New Mexico

Gentlemen:

Limark Corporation hereby requests issuance of a Non-Standard Location permit for the above subject well. This location is unorthodox based upon our geological interpretation of 3-D seismic for the Wolfcamp formation (a copy of our interpretation is attached to this letter). All mineral ownership is uniform in this 80 acre lease. The only existing well that will be affected by the proposed well is our currently producing State DZ #1 well completed in the same field and reservoir.

Please advise if further information is required.

Yours sincerely,

Mark A. Philpy,

President

mphilpy@ limarkcorp.com
