Dear Mr. Hill:

Your application to downhole commingle the production from within the wellbore of the above-captioned well was received on January 29, 2001. Your application requests our approval to downhole commingle the Undesignated Atoka and Undesignated Morrow production within the wellbore of the Lucky Wolf ATB State Com Well No. 1 located in Unit Letter I, Section 32-16S-27E, Eddy County, New Mexico.

It is our understanding that production from the subject well will be allocated as follows:

<u>POOL</u>	<u>ALLOCATION</u>	
	<u>Oil%</u>	<u>Gas%</u>
Undesignated Atoka	0%	54%
Undesignated Morrow	0%	46%
	-----	-----
	0%	100%

Since it appears that the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling the production from the above-mentioned well is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division and is also contingent upon a communitization agreement being submitted for the commingled zones.

Please submit your \$30.00 filing fee.

Also, please submit a copy of the Oil Conservation Division's approval of this application.
