2. ACOI 140 further provides that if Operator returns to compliance with OCD Rule 201 at least three of the wells identified in Exhibit A by December 31, 2006, and files a timely compliance report, the OCD shall issue an amendment extending the terms of ACOI 140 for an additional six-month period, requiring Operator to return an additional four wells to compliance by that deadline.

3. Operator filed a timely compliance report, and the OCD has verified that OCD records indicate that Operator has returned the following wells identified in Exhibit A to compliance:

- |                          |              |
|--------------------------|--------------|

**CONCLUSIONS**

1. Operator has met its goal of returning three of the wells identified in Exhibit A to compliance by December 31, 2006.

2. The OCD should amend ACOI 140 to extend its terms through June 30, 2007 and require Operator to return to compliance by that date four wells identified in Exhibit A that are not identified in Findings Paragraph 3, above.
