Mr. A. L. Porter, Secretary and Director Oil Conservation Commission Box 871 Santa Fe, New Mexico

Dear Mr. Porter:

This is to request administrative approval of an unorthodox location to be located in the West Kutz Extension Pictured Cliff Pool.

The well, our Huerfano Unit No. 75 is to be located 1850' from the South line and 658' from the East line of Section 29, Township 27 North, Range 10 West, N.M.P.M., San Juan County, New Mexico. The major portion of the SE/4 of the section, which is dedicated to this well consists of high shale banks which would make the cost of an orthodox location extremely expensive.

This well is to be a Pictured Cliff completion and since El Paso Natural Gas Company holds the lease in the SW/4 of Section 28, Township 27 North, Range 10 West, the approval of other operators has not been sought.

I am enclosing two copies of the Certified Well Location plat sketching the terrain conditions and two copies of our Intention to Drill.

Yours very truly,

Senior Petroleum Engineer

EJC:ajh Enc.

cc: R. L. Hamblin
Phil T. McGrath
Emery Arnold
