RE: Amendment to Commingling Order CTB-459
Section 22, T19S, R25E, NMPM
Eddy County, New Mexico

Per our phone conversation on 12/6/06, due to NPC's success in plugging back from the Cisco to the Glorieta/ Yeso wells which are associated with CTB-459, we are requesting to amend the subject commingling order. NPC hereby requests administrative approval to Surface Commingling and Off Lease Measurement of the oil and gas production from the wells listed on Attachment I.

The common tank battery for said wells is located in Unit E, Sw/4 NW/4 of Section 22, T19S, R25E, Eddy County, New Mexico. The Cisco oil will be in the existing tanks and the Yeso oil will be surface commingled in two additional tanks. Attachment III will show the new layout of the battery and also states what wells are or will be producing out of which zone. The wells with an asterisk are wells that NPC is planning on plugging back to the Glorieta/ Yeso in the future.

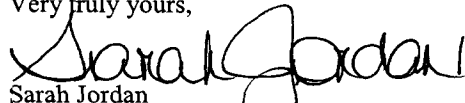

All production will be metered separately from each well and the meters will be calibrated on a regular basis.

The purpose of the Commingling and Off Lease Measurement is to maximize use of existing facilities and to minimize environmental disturbance.

Also enclosed is Attachment IV, a copy of the notification letter which was mailed to all interest owners and purchasers by certified mail.

Thank you for your cooperation in this matter. If you have any questions, please feel free to contact the undersigned.

Very truly yours,

Sarah Jordan

RE: Notification of Application of Nearburg Producing Company
to Amend Commingling Order CTB-459
Section 22, T19S, R25E, Eddy County, New Mexico

Dear Interest Owner or Purchaser:

Nearburg Producing Company hereby notifies you that it is seeking approval to amend the subject due to success in plugging back from the Cisco to the Glorieta/ Yeso in wells which are associated with CTB-459. We will first meter and then commingle and off lease measure gas production from wells listed on Attachment I. The common sales meter is located in Section 22, T19S, R25E, Eddy County, New Mexico. See Attachment III showing the new layout of the battery and also states what wells are or will be producing out of which zone.

If you have objection to this request, then it is necessary for you to file a written objection within twenty (20) days of December 7, 2006, with Oil Conservation Division of the State of New Mexico. If you have no objection, then it is not necessary to do anything.

You will not be notified as future wells are added.

Please feel free to call if I can be of any assistance.

Very truly yours,

Sarah Jordan
