To The Secretary,  
New Mexico Oil Conservation Commission,  
Santa Fe, New Mexico.

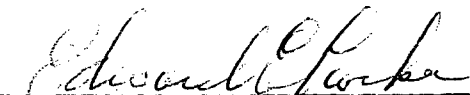

Dear Sir:-

Referring to my application for a permit to drill for oil and/or gas in Unit "I", Section 4, Twn. 15 N., R. 12 E., San Miguel County, as shown on the accompanying survey Form C-128, will you kindly note that under your Rules And Regulations, Page 13, paragraph "f", it becomes necessary for me to request permit for a Non-Standard Location because of the roughness of the terrain ending in cliffs immediately east of the chosen location, as shown in pencil on the plat, and in this connection please note that the land covered by this lease is grant land and not divided into standard section subdivisions.

Also referring to Page 13, paragraph "a" of your Rules And Regulations, please be advised that all land of the lease specified is considerably outside a radius of 660 feet from the proposed location, the shortest distance being 783 feet to the government marker AP 5, as shown on accompanying Well Location Plat.

As a result of conditions as herein set forth I am requesting a permit for a Non-Standard Location.

Yours very truly,

Edward E. Crocker,  
Route 2, Box 94, Santa Fe, N. M.
