**Administrative Order NSL-199**

**Gentlemen:**

Reference is made to your application for approval of an unorthodox well location for your San Juan Unit Well No. 20-30 (MD) to be located 567 feet from the South line and 660 feet from the West line and in the SW/4 SW/4 of Section 30, Township 28 North, Range 4 West, Blanco Mesaverde Pool and Wildcat Dakota, Rio Arriba County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the SW/4 of said section.

By authority granted me in Order R-110, as amended by Order R-397, and in Rule 104 (f) of the Commission Rules and Regulations, you are hereby granted an unorthodox well location as described above. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,
