Mr. A. L. Porter, Secretary and Director  
Oil Conservation Commission  
Box 871  
Santa Fe, New Mexico

Dear Mr. Porter:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde Pool and Wildcat Dakota.

It is intended to locate the well, El Paso Natural Gas Co. San Juan 28-5 Unit No. 40 (MD), 1150 feet from the North line, and 2000 feet from the East line of Section 27, T-28-N, R-5-W, N.M.P.M., Rio Arriba County, New Mexico. The N/2 of Section 27 is dedicated to the well.

As shown on the enclosed plat, the NE/4 consists of steep slopes and high narrow ledges. The only accessible land for a well in the NE/4 is that which makes the location unorthodox. It is, therefore planned to make the location unorthodox in order that the extremely high cost of constructing an orthodox location be avoided.

Since El Paso Natural Gas Co. has control of the offset leases, approval for an unorthodox location has not been sought from other operators.

I am enclosing two copies of the certified well location plat and two copies of the intention to drill.

Yours very truly,

*E. S. Oberly*
