Dear Mr. Porter:

Val R. Reese & Associates, Inc. requests administrative approval to drill their #1-25 Mesa well on an unorthodox location. The #1-25 Mesa will be a Gallup-Dakota completion located 990' from the north line and 660' from the west line of Section 25, T-24N, R-7W, Rio Arriba County, New Mexico.

The unorthodox location is requested because of the extreme topography in the area as indicated on the attached plat. Standard Oil Company of Texas and Killarney Oil Company are offset operators and have been notified of this request by a copy of this letter and the attached plat.

Very truly yours,

Val R. Reese
