ORIGINAL
AM 8 19

Mr. A. L. Porter, Jr. (3)
Secretary-Director
New Mexico Oil Conservation Commission
Post Office Box 871
Santa Fe, New Mexico

Dear Sir:

In accordance with Order R-2424A, Pan American Petroleum Corporation respectfully submits application for, and requests approval of, an unorthodox well location for our C. Myers "B" Well No. 24, located 330' FSL and 1650' FEL of Section 9, Township 24 South, Range 37 East, Fowler Blinbry Pool Extension, Lea County, New Mexico.

This unorthodox well location was occasioned by the completion of the Blinbry zone in a well originally drilled to the Devonian.

A plat showing the acreage dedicated, well location, and offset ownership is attached.

Waivers from offset operators are attached.

By certified mail copies of this letter are being furnished the offset operators notifying that application is being made for this unorthodox location.

Yours very truly,

V. E. Staley
Area Superintendent

RE: FOWLER BLINERY POOL
UNORTHODOX WELL LOCATION

New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Attention: Mr. A. L. Porter

Gentlemen:

Pan American has advised Humble of their application for an unorthodox well location for their C. Mayers "B" No. 24 being 330 feet FSL and 1650 feet FEL, Section 9, Township 24 South, Range 37 East, in the Fowler Blinery Pool. Because this well is a plug back from a deeper horizon, Humble waives objection to the unorthodox location providing that the south half of the southeast quarter is dedicated as the proration unit. This dedication has the potential of more uniform spacing as additional deep wells are plugged back.

Yours very truly,

HUMBLE OIL & REFINING COMPANY
