Dear Sir:

Beta Development Co. hereby requests permission to drill an unorthodox location in the Basin Dakota Gas Pool. The proposed well will be located 400' FNL and 860' FEL, Section 34, T.28N., R.9W., San Juan County, New Mexico. The drilling of this well in an unorthodox location is necessitated by the extremely rough terrain in the vicinity of Blanco Wash.

El Paso Natural Gas Company is the offset operator as well as the operator in the S/2 of the subject Section. We are attaching to this letter a waiver from El Paso Natural Gas Company offering no objection to our proposed location.

Your consideration in this matter will be greatly appreciated.

Yours very truly,

BETA DEVELOPMENT CO.
