Dear Mr. Durrett:

We have your letter of June 28, 1965 requesting verification of topography in the vicinity of Belco Petroleum Company Barracas Mesa Unit Well #3 located in the NE $\frac{1}{4}$  Section 15-32N-5W.

This location was inspected by Mr. A. R. Kendrick of this office and he has informed me that the topography is as represented and that construction of a standard location on this unit would be extremely expensive. Therefore we recommend that the non-standard location be approved.

Yours very truly

Dear Sir,

Find enclosed a plat for subject well, Belco Pet. Corp.  
Carracas Mesa Unit 3-15.

Due to extremely rough terrain, with an excessive amount  
of rock and dirt to move, to make a suitable location, I request  
permission to move location from 793 FEL, 1055 FNL. Sec 15 32N  
5 W., to 668FEL, 1055FNL, Sec 15, 32N 5W.

Belco Pet. Corp. owns all surrounding sections to this  
proposed location.

I hope this meets with your approval.

Sincerely,

NEW MEXICO OIL CONSERVATION COMMISSION
