✓ Blanco Mesaverde, Basin Dakota Dual
San Juan County, New Mexico

Dear Sir:

Application is hereby made under Rule 3A Well Location for above well for unorthodox location in the Dakota Formation. The well was deepened from Blanco Mesaverde to Basin Dakota with an intentional deviation in order to accomplish a Dakota completion. A Directional Drilling Application was submitted November 18, 1965, and was heard November 23, 1965.

A copy of the Deviation Tests is enclosed for your information.

A copy of this letter along with a copy of the Deviation Tests will be forwarded to the two offset operators: El Paso Natural Gas Company, P. O. Box 990, Farmington, New Mexico and Pan American Petroleum Corporation, P. O. Box 480, Farmington, New Mexico.

We have previously sent the two offset operators copies of Form C-107, Application for Multiple Completion.

Very truly yours,

TENNECO OIL COMPANY
