Re: Non-Standard Oil Well Location  
Jicarilla "A" No. 8  
2365 FNL, 790 FEL  
Section 17, T26N, R5W  
Rio Arriba County, New Mexico

Dear Sir:

Request is hereby made for administrative approval of the above non-standard oil well location. This well was originally staked on a standard Basin Dakota gas well location with the E/2 of Section 17, T26N, R5W dedicated for the gas proration. The Gallup oil zone was not anticipated in this well when originally staked.

Tenneco Oil Company offsets on the south, east and west of the well; and an offset operator approval is not required.

Your early approval will be appreciated.

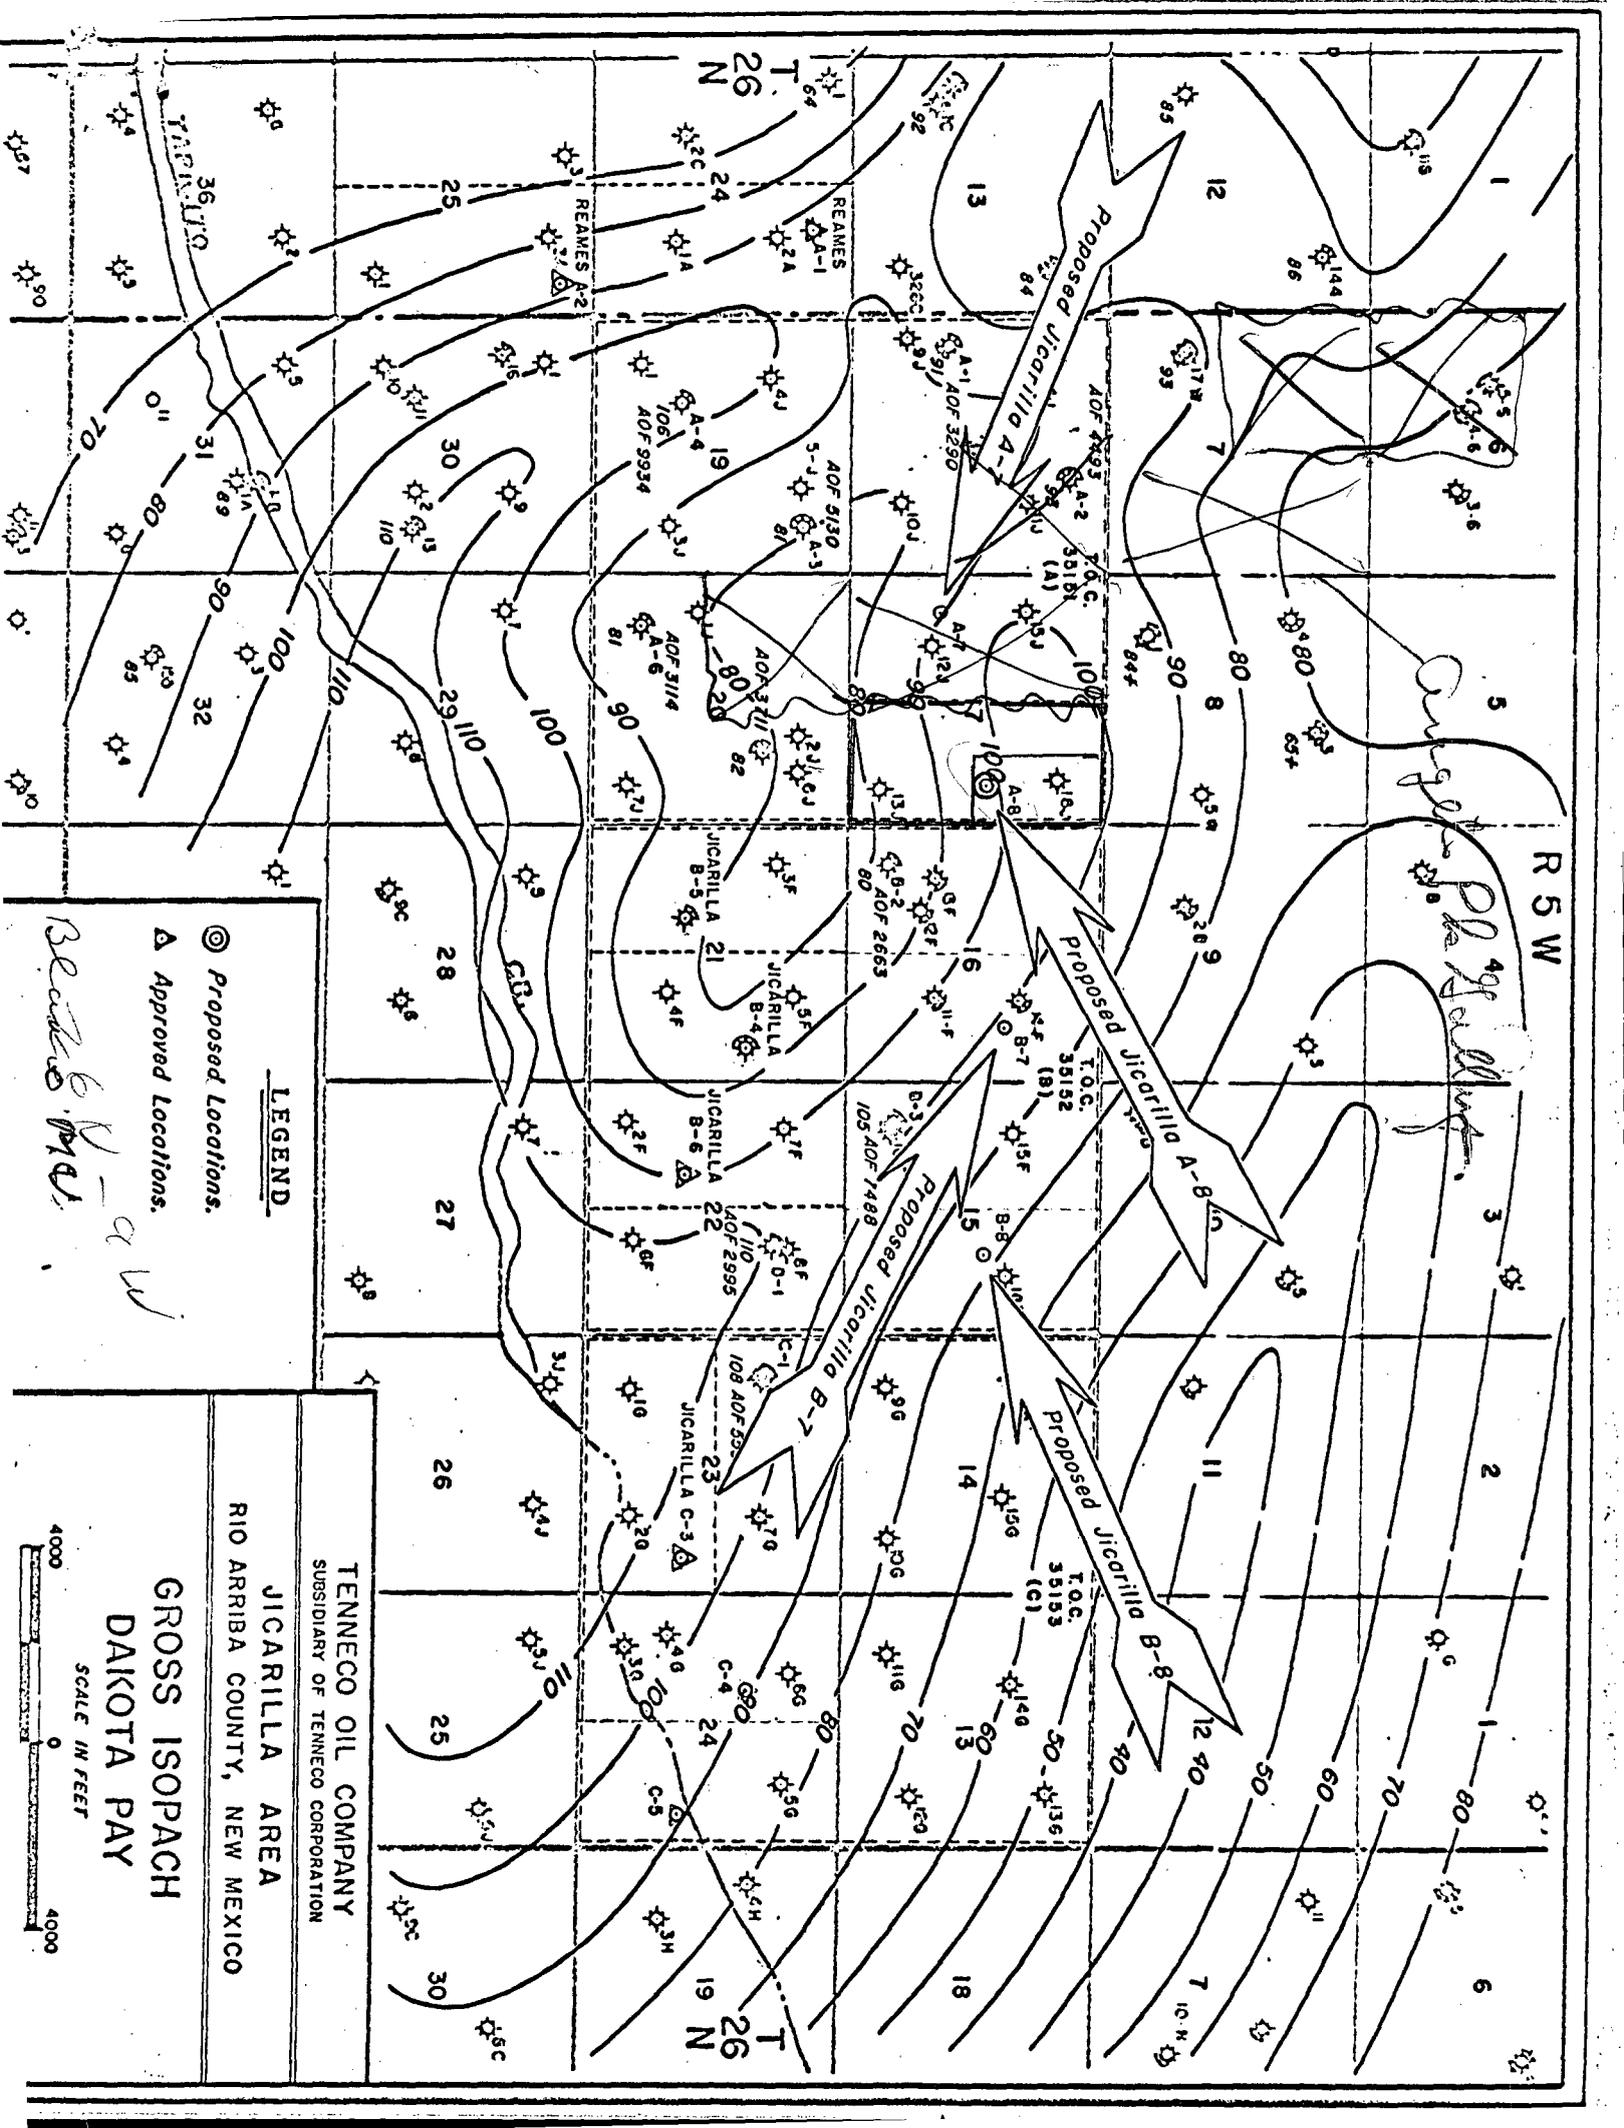

Very truly yours,

TENNECO OIL COMPANY

Robert E. Siverson  
District Production Superintendent
