Re: Thomas A. Dugan
Allen #1
Sec. 12, T28N, R12W
San Juan County, New Mexico

Dear Mr. Porter:

We are requesting permission to re-enter the Skelly Oil Company Navajo F #1, located 660' from the north line and 1980' from the west line, Section 12, T 28 N, R 12 W, San Juan County, New Mexico. We have renamed the well the Allen #1.

We propose to dually complete the well in the Chacra and Fruitland formations. Skelly's Navajo F #1 was originally drilled on an orthodox location to the Gallup formation. The re-entry of this well to the proposed gas zones makes it an unorthodox gas well location, and we are requesting approval for the unorthodox location from the commission under the provisions of Rule 104, Sec. D II Par. f.

We are enclosing three copies of this request with copies of the plat attached. All of the offset operators are receiving a copy of this request by certified mail.

Sincerely,

Thomas A. Dugan
