Subject: Application for Approval for Unorthodox location for MCA Unit
Well No. 260

Continental Oil Company as operator of the MCA Unit, hereby requests approval under the provision of Order No. R-2403-A to drill MCA Unit Well No. 260 at a location 1410' from the north line and 2550' from the west line of Section 28, T-17S R-32E, Lea County, New Mexico.

As shown on the attached plat this location is 90' from each of the two nearest quarter-quarter section boundary lines. The well is being drilled in conjunction with our current in-fill drilling evaluation program, and should result in the more efficient recovery of oil in this immediate area.

Since this well is located at least 3/4 mile from the nearest outside boundary of the unit, it is respectfully requested that immediate approval of this location be given.

Yours very truly,

L. P. Thompson,
Division Manager of
Production
