OIL CONSERVATION COMM.  
SANTA FE, N.M.

Mr. A. L. Porter, Jr., Secretary-Director  
Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico

Re: Administrative Order NSL-535  
Our File 25-009-013

Dear Mr. Porter:

The subject Administrative Order authorized Yates Petroleum Corporation to re-enter its Johnston "BE" Well No. 1 at an unorthodox gas well location in Section 8, Township 19 South, Range 25 East, N.M.P.M., undesignated Cisco Gas Pool, Eddy County, New Mexico. This Administrative Order was based upon waivers by all offset operators to drill said well to the Cisco zone of the Pennsylvanian formation.

It is our client's desire to deepen said well to the Morrow sand of the Pennsylvanian formation, and in support of our application for a modification of this Administrative Order, we enclose waivers of David Fasken, Midwest Oil Corporation and Roger C. Hanks to the deepening of said well to the Morrow sand.

Actual deepening operations are now in process and the Cisco zone will be reached sometime the first part of next week. Accordingly, we ask your early attention to this application and, if you find the same to be in order, I should appreciate receiving a collect telephone call advising me of such fact.

Very truly yours,

LOSEE & CARSON

  
A. J. Losee

Re: Johnston "BE" Re-entry  
Sec. 8, T.19S, R.25E  
Eddy County, New Mexico

Mr. Roger C. Hanks  
2100 Wilco Building  
Midland, Texas 79701

Dear Mr. Hanks:

Please be advised that the Oil Conservation Commission of New Mexico, by Administrative Order NSL-535, has approved our application for an unorthodox gas well location for our Johnston "BE" well No. 1, located 330 feet from the North line and 330 feet from the East line of Section 8, Township 19 South, Range 25 East, N.M.P.M., undesignated Cisco gas pool, Eddy County, New Mexico. Re-entry operations under this order have been commenced.

You are advised that we propose to drill said Johnston "BE" well No. 1 to a depth sufficient to test the Morrow sand of the Pennsylvanian formation. Although you have heretofore waived objections to the deepening of said well to the Cisco zone, we now ask that you waive objection to the deepening of said well to the Morrow sand.

If you have no objection to the deepening of said well to the Morrow sand, please so indicate on the copy of this letter in the space provided below, and return it to us.

Very truly yours,

YATES PETROLEUM CORPORATION

By: 

Vice President

NO OBJECTION IS MADE TO DEEPENING  
WELL TO MORROW SAND. DATED THIS  
FEBRUARY 2, 1972.

  
ROGER C. HANKS
