Gentlemen:

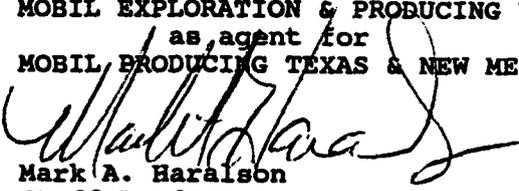

Reference is made to the captioned Administrative Application covering property which directly offsets Mobil's Brunson Argo lease.

Please be advised that we wish to object to Chevron's Application to simultaneously dedicate production from the Rollon Brunson Nos. 4 and 6 wells to the existing 80-acre proration unit. Unless Chevron withdraws their application, it is requested that a hearing be set to review the effect of their proposal on our acreage.

Should you have any questions or need further information, I may be reached at (915)688-2082.

Very truly yours,
