Attention Joe D. Ramey

Dear Sir:

General American Oil Company of Texas seeks administrative approval for the drilling of two infill wells in the Grayburg-Jackson Field, Eddy County, New Mexico to be Burch "A" #33 located 25' FNL and 2615' FSL of Section 19, T-17S, R-30E and Burch "C" #41 located 2615' FSL and 2615' FEL of Section 30, T-17S, R-30E. These wells will continue the previously established pattern of infill drilling.

Commission Order No. R-4798 approved sixteen unorthodox locations in the Grayburg-Jackson Field and also made provisions for administrative procedures to obtain approval of other infill wells in the Grayburg-Jackson Field.

The drilling of these wells will be in the interest of conservation by allowing recovery of oil that might not otherwise be recovered from the Grayburg-Jackson Field. The drilling of these wells will not violate correlative rights.

Application to drill these wells has been filed with the U.S.G.S.

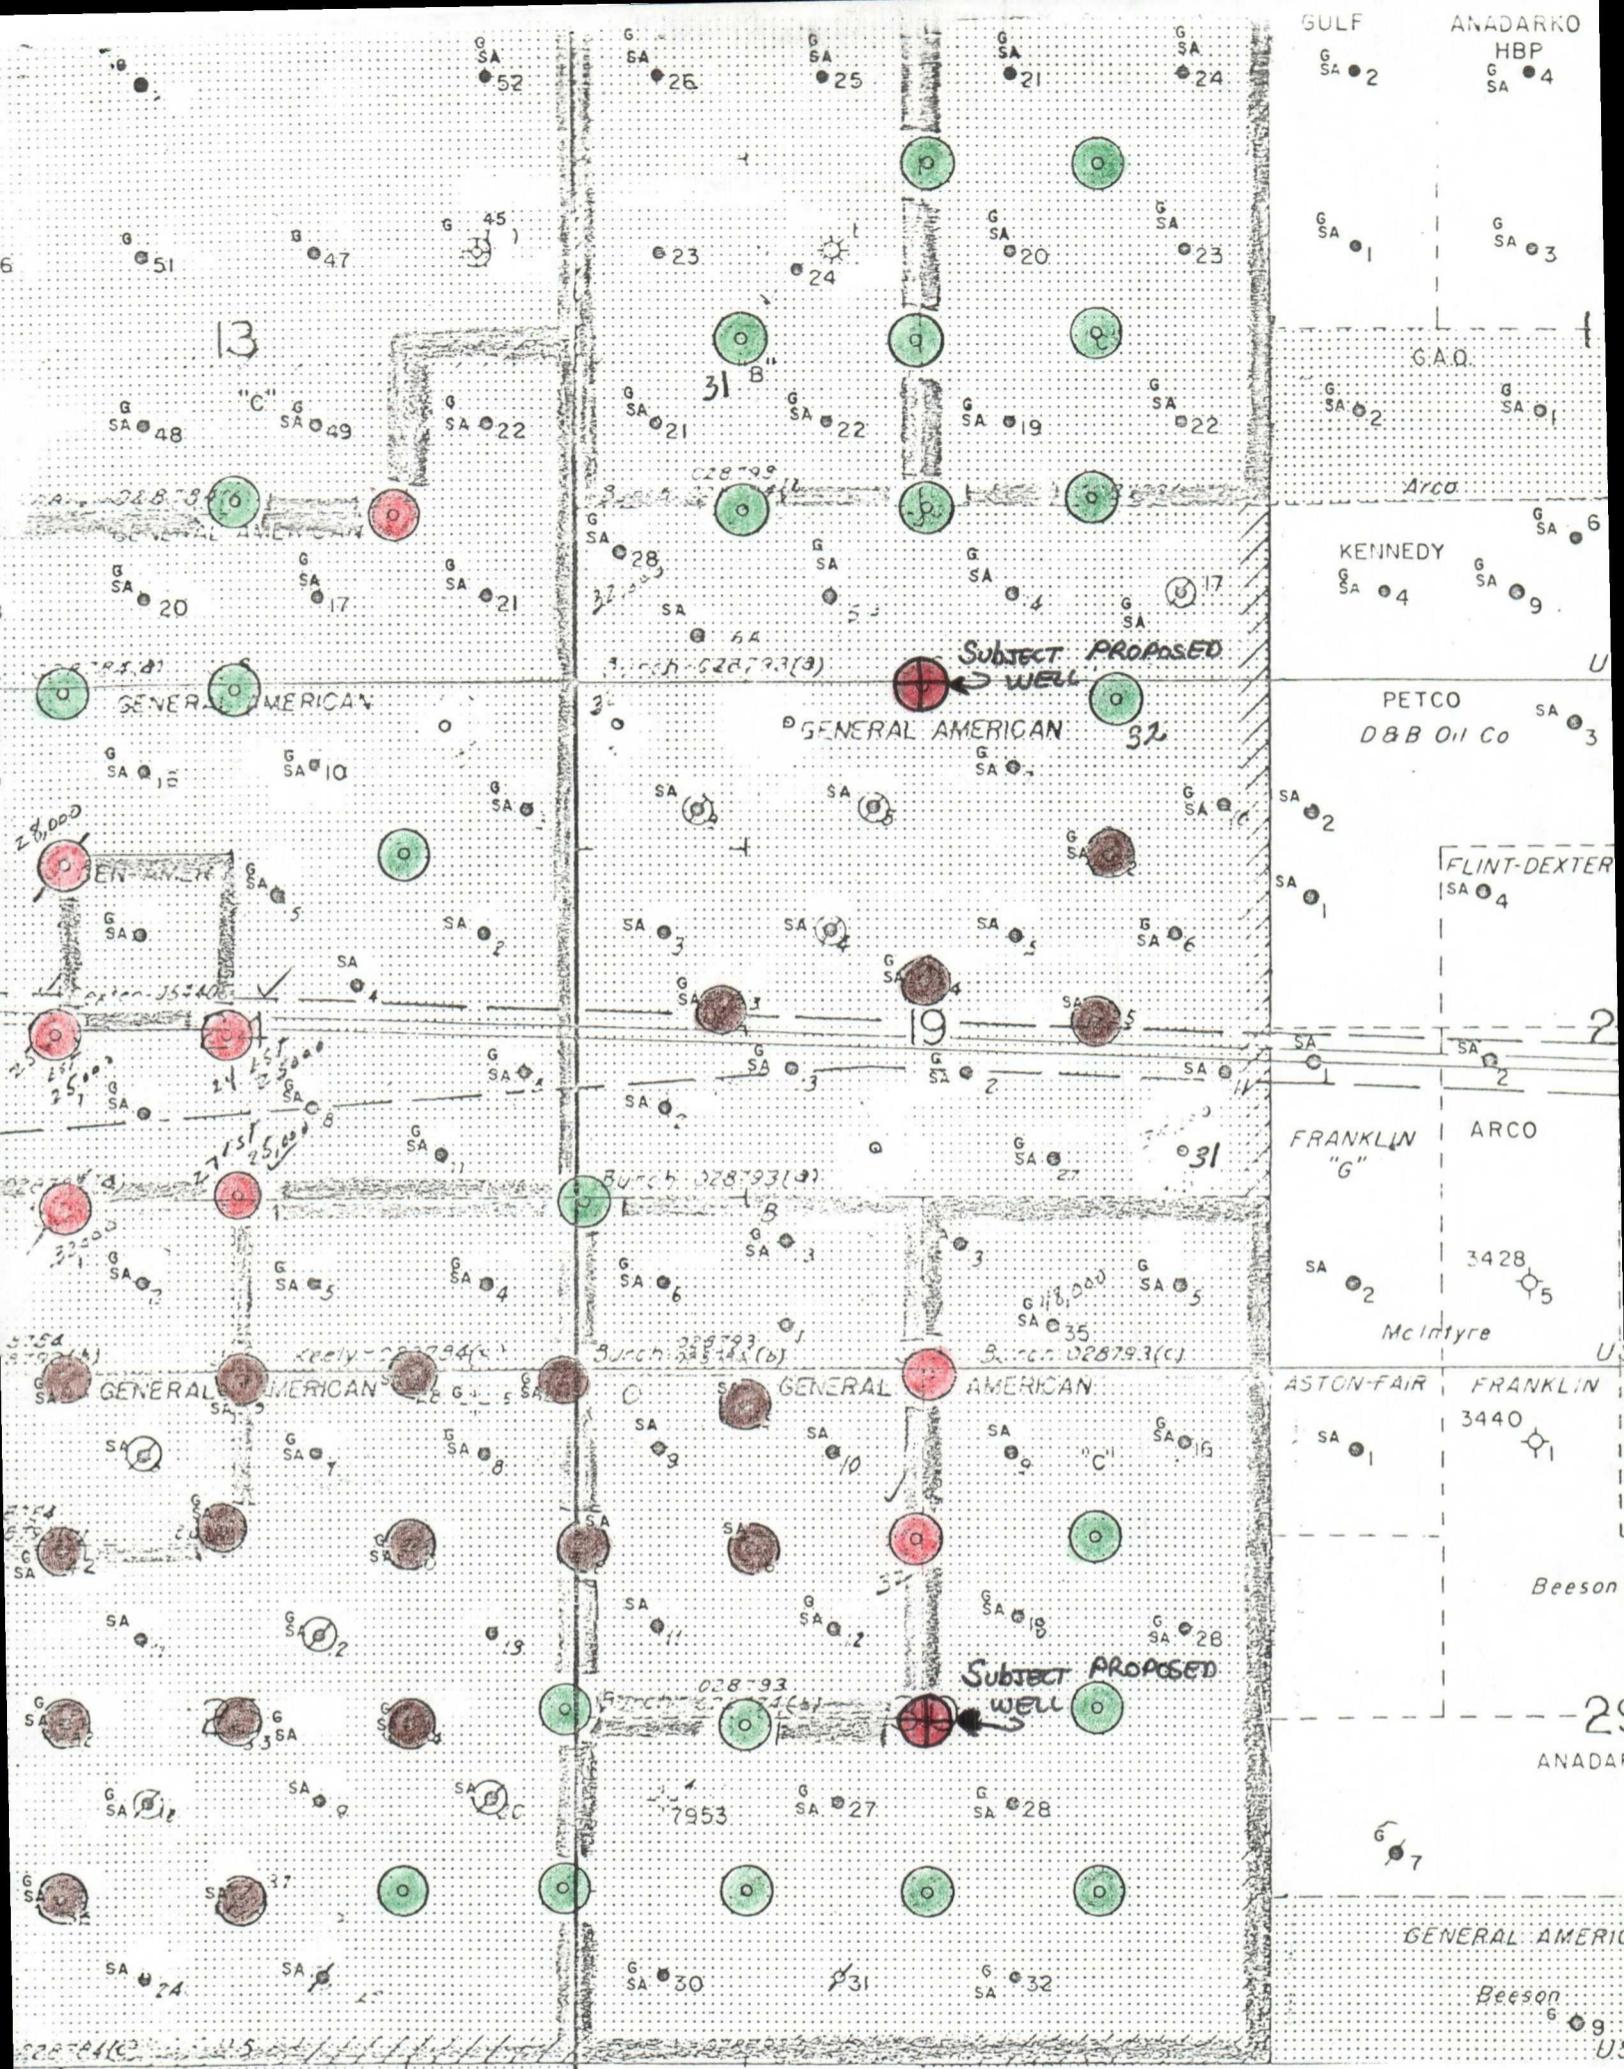

Very truly yours,

GENERAL AMERICAN OIL CO. OF TEXAS

*Lendell Hawkins*
