Re: Unorthodox Location  
Federal Occidental No. 1  
Section 22, T14S, R30E  
Chaves County, New Mexico

Dear Mr. Stamets:

With reference to our telephone conversation this morning and recent previous correspondence, Cockrell Corporation hereby requests an exception to New Mexico Oil Conservation Commission Rule 104B for an unorthodox location for the subject well. The well is scheduled to be worked over to test the Morrow formation from perforations 10,668-80 feet IES. We request that the 320 acre northern half of Section 22, T14S, R30E be dedicated as the drilling tract for the well; a proposed plat is enclosed.

We have requested the offset operators to send their waiver of objection to the unorthodox location directly to you. These offset operators are Gulf Oil Corporation (S/2 S/2 Sec. 22), Amerada Hess Corporation (SW/SE Sec. 21), Crown Central Petroleum (SE/SE Sec. 21), and Cities Service Company (N/2; SW/4; N/2 SE; Sec. 21).

Yours very truly,

COCKRELL CORPORATION

Gentlemen:

Cockrell Corporation proposes to work over the subject well to retest the Morrow Formation through perforations 10,668 - 10,680 feet IES. We have requested that the New Mexico Conservation Commission form a 320-acre Drilling and Production Unit comprising the northern half of Section 22 in order to produce the well if the test is successful.

If you have no objection to the formation of this unit, please so indicate by signing the waiver of objection below, and returning two copies in the enclosed self-addressed, stamped envelope.

Your cooperation is appreciated.

Yours very truly,

COCKRELL CORPORATION

RE: Federal Occidental #1  
Section 22, T 14 S, R 30 E  
Chaves County, New Mexico

Gentlemen:

Cockrell Corporation requests that a 320 acre Drilling and Production Unit, comprising of the northern half of Section 22, be formed for the above subject well; a proposed plat is enclosed. The well was originally drilled as a wildcat oil well for the Devonian formation, which was dry. We now intend to perforate and test the Morrow formation at 10,668' - 80' IES.

Waivers of objection to the formation of a unit have been requested from offset operators, and will be sent to you upon our receipt. If any further information is required, please advise.

Yours very truly,

COCKRELL CORPORATION

Re: Unorthodox Location  
Section 22, T-14-S, R-30-E  
Chaves County, New Mexico

Gentlemen:

Your letter of September 8, 1977 requesting execution of a waiver for formation of a proration unit in Chaves County, New Mexico, has been forwarded to me for handling.

New Mexico Oil Conservation Commission Rule 104B requires a gas well in Chaves County projected to the Wolfcamp or older formation to be on a drilling tract of 320 acres dedicated to a well location no closer than 660 feet to the nearest side boundary and 1980 feet from the nearest end boundary. In checking the location of your proposed re-entry of the Federal Occidental No. 1 well, our records reflect this location does not comply with N.M.O.C.C. Rule 104B and that a waiver for an unorthodox location should be submitted to all offset operators.

Cities Service has no objection to your proposed re-entry and will promptly handle your request for an unorthodox location.

Very truly yours,

E. F. Motter

Gentlemen:

In our letter of September 8, 1977, we requested a waiver of objection to the formation of a unit for the above subject well. Your waiver was received by us and forwarded to the New Mexico Oil Conservation Commission. The Commission telephoned this morning to advise that our letter actually should have requested a waiver for an unorthodox location, i.e., under Commission Rule 104B, a gas well should be no closer than 1,980 feet from the nearest end boundary, whereas the subject well is 660 feet away.

We request that you waive objection to this unorthodox location by signing below, and mailing this letter in the enclosed addressed envelope to the Commission.

Your original waiver is appreciated, and we apologize for any inconvenience we may have caused by not clarifying the situation and specifying the unorthodox location.

Yours very truly,

COCKRELL CORPORATION
