Rule(3) Order B1670-C
1-17-79*

Mr. Joe Ramey
New Mexico Oil Conservation Commission
Post Office Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 29-7 Unit #113 at 945' from the North line and 2300' from the East line of Section 29, T-29-N, R-7-W, Rio Arriba County, New Mexico.

Topographical reasons dictate where the location is situated. The original plat shows the North half of Section 29 dedicated to this well, but a commercial well in this section already has the West half dedicated to it. A new plat has been issued showing the East half dedicated to the San Juan 29-7 Unit #113 (see attached plat).

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

Plats showing the proposed well location and the terrain of Section 29, along with an ownership plat, are attached.

Yours truly,

Don Read

Re: Unorthodox Gas Well Location

Dear Sirs:

El Paso Natural Gas Company has requested administrative approval for an unorthodox gas well location in the Basin Dakota pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 29-7 Unit #113 at 945' from the North line and 2300' from the East line of Section 29, T-29-N, R-7-W, Rio Arriba County, New Mexico.

Topographical reasons dictate where the location is situated. The original plat shows the North half of Section 29 dedicated to this well, but a commercial well in this section already has the West half dedicated to it. A new plat has been issued showing the East half dedicated to the San Juan 29-7 Unit #113 (see attached plat).

In compliance with New Mexico Oil Conservation Commission rules, we are notifying you, as operator of an offsetting proration unit, of our application for administrative approval for the aforementioned unorthodox gas well location. Enclosed are three copies of this letter. If there is no objection to this location, please sign and return one copy to the New Mexico Oil Conservation Commission, Post Office Box 2088, Santa Fe, New Mexico 87501; one copy to El Paso Natural Gas Company; and keep one copy for your files.

A plat showing the proposed well location and offsetting Dakota lease ownership is attached.

Yours truly,

Don Read
