Re: Non-standard Location
Loving "AIB" State #1
1550' FNL and 1780' FEL
of Section 16-T23S-R28E
Eddy County, New Mexico

Dear Mr. Stogner:

Yates Petroleum Corporation requests administrative approval for the above captioned location as provided for under NMOCD Rule 104F. This will be an oil well in the South Loving Delaware Pool with 40 acre spacing. We will not be crowding anyones lease.

This well was originally drilled by Gulf Oil Corporation in 1979 as their Eddy "GR" State #2. It was plugged and abandoned in October 1987. Yates plans to clean out the wellbore to 6,200' and test the Delaware formation. It is much more economical to re-enter this well than to drill a new well.

Enclosed please find a copy of the plat (Form C-102) and a copy of the lease map. Offset operators are Pogo Producing Company and Green Royalty. I have also enclosed a copy of the certification slips that we have notified them of our non-standard location by certified mail, via copy of this letter.

Please contact me if you should require any additional information.

Sincerely,

YATES PETROLEUM CORPORATION
