Gentlemen:

Please accept this letter as an application for a request of administrative approval for an unorthodox location of the Max Wilson, Inc. No. 1 Wildernhel located 1,720' FSL and 920' FWL of Section 24, T.20S, R.21E, Eddy County, New Mexico. The rough terrain on this location has necessitated the unorthodox location.

A topographic map is attached hereto with our survey plat designating the $W\frac{1}{2}$ of Section 24 to this well. Exxon Company, U. S. A. is the offset lease holder, and Exxon also owns an undivided 25% interest in the No. 1 Wildernhel well and the acreage in Section 24 and $NW\frac{1}{4}$ of Section 23.

Our lease will expire June 30, 1979, and your usual prompt approval of this request is most appreciated.

Thanking you, I am,

Very truly yours,

Gentlemen:

I enclose herewith a survey plat of the Max Wilson, Inc. No. 1 Wildernhel located 1,720' FSL and 920' FWL, Section 24, T.20S, R.21E, Eddy County, New Mexico.

The purpose of this letter is to advise you that we have made application for approval for a non-standard location for this well. Even though all acreage in Section 24 and NW $\frac{1}{4}$ of Section 23 is under lease to Cities Service, of which Max Wilson, Inc. is earning an undivided 75% interest by drilling the No. 1 Wildernhel, it is necessary that I advise you of this non-standard location.

Very truly yours,

Max M. Wilson

Re: Application for Non-Standard
Location: Wildernhel No. 1
1720' FSL and 920' FWL of Sec. 24,
T-20-S, R-21-E, Eddy County

We may not process the subject application for non-standard location until the required information or plats checked below (is)(are) submitted.

- ☐ A plat must be submitted clearly showing the ownership of the offsetting leases.
- ☒ A statement must be submitted that offset owners have been notified of the application by certified mail.
- ☒ A plat must be submitted fully identifying the topography necessitating the non-standard location.
- ☒ Other: Map indicates Cities Service is offset operator to the Southeast.
