Gentlemen:

RE: Administrative Order MSP-4

Reference is made to your application of May 28, 1954, with which you enclosed waivers from offset operators agreeing to the establishment of an 80-acre unorthodox gas proration unit consisting of N/2 SW/4 of Section 30, Township 21 South, Range 36 East, NMPM, Lea County, New Mexico; and further, for approval of an unorthodox location for your Lockhart A-30 Well No. 5 located 2310' from the south and west lines of said Section 30.

Your application asked for exception to the Jalco Gas Pool rules as then prescribed by Order No. R-368-A. As you know, these rules have been changed by Order No. R-520, issued on August 12, 1954, in Case 673, and your proposed unit now falls within the boundaries of what is termed the Jalco Gas Pool. It is therefore preferable to issue the administrative approval under the new order.

By authority granted me under provisions of Rule 5(b) of the Special Pool Rules for the Jalco Gas Pool, as delineated in Order R-520, you are hereby authorized to operate the above-described acreage as a non-standard gas proration unit, with allowable to be granted thereto in accordance with pool rules. Further, as an exception to spacing regulations for the pool, and in accordance with provisions of Rule 2 of the pool rules, an unorthodox location is approved for your Lockhart A-30 Well No. 5, 2310 feet from the south and west lines of Section 30, Township 21 South, Range 36 East, NMPM.

Very truly yours,
