Re: Request For Irregular Location

Dear Sirs:

Terra of New Mexico, Inc. respectfully requests the permission of the Oil Conservation Division to drill the Riley State #1 as an irregular location. The well will be located 242 feet from the West line and 650 feet from the South line in Section 25, T10S, R19E, Lincoln County, New Mexico. Terra is forced to request this irregular location due to the topographic features which you will note on the enclosed map.

Also, we have enclosed a map showing the lease holders of the four offsetting locations. A copy of this letter has been sent to Mrs. Estelle H. Yates and the United States Geological Survey to allow them the opportunity to voice any objections. It is Terra's understanding that the 20 day waiting period will begin upon your receipt of this letter.

If you have any questions regarding this request, please feel free to contact Terra's Denver office at 303-750-5850. Thank you in advance for your cooperation and assistance in this matter.

Sincerely,

TERRA OF NEW MEXICO, INC.

Re: Application for NSL on Riley State #1

Dear Sirs:

Terra has applied for a non-standard location permit for the Riley State #1, located 242 feet from the West line and 650 feet from the South line in Section 25, T10S, R19E, Lincoln County, New Mexico. Terra has sent notification of this request to the offset location owners, Estelle H. Yates and the United States Geological Survey. Enclosed are copies of the certified mail verification cards which were returned to Terra. Please cause these copies to be attached to the request for an NSL which was previously submitted to your office.

Thank you for your cooperation and assistance in this matter.

Sincerely,

TERRA OF NEW MEXICO, INC.

Dear Sirs:

Terra of New Mexico, Inc. respectfully requests the permission of the Oil Conservation Division to drill the Riley State #1 as an irregular location. The well will be located 242 feet from the West line and 650 feet from the South line in Section 25, T10S, R19E, Lincoln County, New Mexico. Terra is forced to request this irregular location due to the topographic features which you will note on the enclosed map.

Also, we have enclosed a map showing the lease holders of the four offsetting locations. Terra has contacted Mrs. Yates regarding a waiver for irregular location. We have been informed that Mrs. Yates has not received confirmation from the Bureau of Land Management on the approval of the Federal Oil and Gas Lease. Yates has indicated that they will sign the waiver upon notification of approval and submit the waiver to Mr. Gressett, Terra understands that, due to Yates' inability to sign the waiver, we will be forced to wait twenty days before approval. Please inform our office of the expected date of approval assuming no objections are filed to the irregular location.

If you should have any questions regarding this request, please feel free to contact Terra's Denver office at 303-750-5850. Thank you in advance for your cooperation and assistance in this matter.

Sincerely,

TERRA OF NEW MEXICO, INC.
