RE: Xeric Oil application to inject on Section 33, T25, R37E (SE 1/4  
SE 1/4)

In the matter concerning the protest to Xeric Oil application for disposal of produced water, we do hereby withdraw that protest. The items that were addressed in the protest have been addressed by Xeric Oil and an agreement has been drawn. The concerns have been adequately addressed. We do however, reserve the right to protest if need arises and these concerns are not addressed in the future. Specifically if the well is used to dispose of commercially taken water from another lease, then Willis Ranch will protest on the use of that disposal well.

Respectfully submitted,

  
George Willis and Joyce M. Willis  
Owners Willis Ranch
