Dear Mr. Ramey:

This letter constitutes a request for spacing exception for the above-referenced well location.

This exception request is due to topography and irregularity of the section. Enclosed are the required plats and topographic maps.

Your office has advised us that due to this situation adjacent lease holders need not be notified. If anything further is requested, please advise.

Sincerely yours,

Re: Application for Non-Standard  
Location: Ladd Petroleum Corp.  
Butte No. 1E - Sec. 18, T-30-N,  
R-13-W, San Juan County, N.M.

We may not process the subject application for non-standard location until the required information or plats checked below (is) (are) submitted.

- ☒ A plat must be submitted clearly showing the ownership of the offsetting leases. This plat is required.
- ☒ A statement must be submitted that offset owners have been notified of the application by certified mail. The notice is required.
- ☐ A plat must be submitted fully identifying the topography necessitating the non-standard location.
- ☒ Other: A more definitive topographic map or sketch map is needed. That submitted is of such a scale as to be very difficult to understand.
