Re: New Mexico State No. 1
Lea County, New Mexico

Dear Mr. Stamets:

Mid-America Petroleum, Inc., is operator of the above referenced gas well which was originally permitted for a standard location in the La Rica Morrow field. Application was made for a new Morrow pool and when granted was classified as the East La Rica Morrow Gas Pool. At this time this location was "grandfathered" in. The acreage dedicated to this well is 320 acres in the N/2 of Sec. 2 T-19-S R-34-E.

We now wish to drill a second Morrow test located 1980' FNL & 1650' FEL, Section 2. To do this the 320 acre spacing unit must be revised to E/2 and W/2 320's. This would give us an unorthodox location for the New Mexico State No. 1.

We hereby apply for an unorthodox location for the New Mexico State No. 1 located 1784' FNL & 1650' FWL, Section 2 T-19-S R-34-E, with the spacing unit comprised of 320 acres in the W/2 Sec. 2. We are enclosing letter waivers from all offset operators.

Very truly yours,

Charles J. Love

Attn: Mr. Duane Radtke

Gentlemen:

Mid-America Petroleum, Inc., is operator of a Morrow gas well, New Mexico State No. 1 located in the SE/4 NW/4 Sec. 2 T-19-S R-34-E, Lea County, New Mexico. Mid-America and its joint-venturers own the undivided working interest in all of Sec. 2, and the State of New Mexico owns all the royalty interest.

When the No. 1 well was drilled, the N/2 of Sec. 2, 320 acres, was dedicated as the spacing unit. We now wish to drill a second Morrow test on Sec. 2, at a location in the SW/4 NE/4. To do this the 320 acre spacing units must be revised to E/2 and W/2 320's. This can be handled administratively, without the necessity of a hearing, if the offset lease owners waive objection to the change.

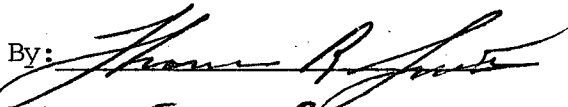

We respectfully request that your company, as an offset owner, waive objection to the rearrangement of spacing units as set out above. If you accede to this request, please sign one copy of this letter in the space provided below, and return the same to me in the return addressed, franked envelope enclosed.

We appreciate your expeditious handling of this request.

Very truly yours,

Leland Franz
