Dear Mr. Ramey:

Application is hereby made for administrative approval for an unorthodox location. The present location falls 20 feet east of a 400 volt power line. Making it unsafe to raise the derrick of a drilling rig.

The proposed location will be 200 feet east of the present location. The O'Brien "E" #9 location becomes 1650' FNL and 1190' FWL, Section 1, Township 9 South, Range 28 East. Moving west results in closer proximity to the oil water contact, and greater risk of non commercial production and loss of hydrocarbons under easterly portion of this proration unit.

All offset acreage is operated by Stevens Operating Corporation.
The applicant herein.

Enclosed is a Survey Plat showing new well location and the location of the power line.

Please grant administrative approval for this unorthodox location at your earliest convenience.

Yours very truly,

STEVENS OPERATING CORPORATION
