Dear Mr. Ramey:

RE: Unorthodox Location  
Seven Rivers Queen Unit No. 62  
Lea County, New Mexico

~~EUNICE SOUTH POOL~~

**SOUTH EUNICE SEVEN RIVERS QUEEN**

POOL

ARCO Oil and Gas Company respectfully requests administrative approval to drill its Seven Rivers Queen Unit No. 62, a producing well in an active waterflooding unit, at an unorthodox location of 1555' FSL and 2480' FWL, Section 34, Township 22 South, Range 36 East, Lea County, New Mexico. The well is to be drilled to a TD of 3900' to test the Seven Rivers Queen formations. In ARCO's opinion completion of the well at the proposed location will provide an efficient production and injection pattern within a secondary recovery project. This well is expected to recover unswept oil by increasing the amount of floodable pay and by increasing the injection efficiency due to increased continuity. Offset operators have been notified of this request via certified mail. Attached is a plat showing the Seven Rivers Queen Unit and the proposed well's location.

Very truly yours,

*Craig L. Payken*
