Section 10-T27N-R13W  
San Juan County, NM

Dear Mr. LeMay:

Union Texas Petroleum (UTP) desires to plug and abandon the existing Dakota completion in this well and recomplete in the Undesignated Gallup Pool. UTP requests administrative approval for a non-standard location for the Gallup completion. The initial Dakota completion at the unorthodox location referenced above was approved in August, 1984 pursuant to Order NSL-1851.

The only offset operator affected by this operation is the Rocanville Corporation. A letter is attached indicating their notification of the proposed operation.

If I may be of any further assistance, please advise.

Very truly yours,

*Robert C. Frank*

Gentlemen:

Union Texas Petroleum is submitting their proposal to drill and complete their Richardson No. 6 in the Dakota formation located in Section 10, Township 27 North, Range 13 West, N.M.P.M., San Juan County, New Mexico.

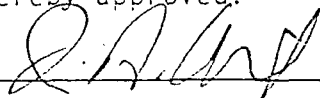

Our records indicate that you are the owner and operator of acreage which adjoins this drilling unit. We request that you review the location and if you have no objections to the proposed non-standard location, we would appreciate your signing the attached two copies of this letter and return same to this office. This well is in a non-standard location due to being on the Navajo Indian Irrigation project and over a water line.

Dear Sir:

Union Texas Petroleum wishes to advise that we intend to plug and abandon the Basin Dakota and recompleate this well in the Undesignated Gallup Pool. We have requested administrative approval for a non-standard location from the New Mexico Oil Conservation Division.

If you are in accord with our proposal, please acknowledge below and return a signed copy to me at your earliest convenience. If you are not in accord with our proposal, you must notify the New Mexico Oil Conservation Division in Santa Fe, New Mexico, within twenty days of this date.

If I may be of any further assistance, please advise.

Very truly yours,

Robert C. Frank
