Dear Mr. Taylor:

NW/4 SW/4 sec. 26
dedicated

This letter is to request administrative approval for the well location requirements Rule 104 B.I.(a) and Rule 104 C.II.(a) for such unorthodox locations. ALANA is operating in a very narrow canyon, as shown on the enclosed topo, and it is because of these topographical conditions we are requesting approval.

The two above referenced wells are in the production units outlined in red with plats, geological map, logs and topography map enclosed. Enclosed also find the plat showing all offset operators being one. ALANA is the operator on these wells and the surrounding operator is SUNTEX ENERGY CORPORATION which has consent to any unorthodox locations. Please see enclosed letter of consent.

Please forgive the late request; we are trying to get better organized and familiar with New Mexico requirements. If this request is not in order, please notify and advise us as to the necessary corrections.

Please thank Ms. Diane Richardson for being such a big help to us. If there are any questions, please contact me at (713) 531-6086.

Sincerely,

ALANA OIL AND GAS CORPORATION

Dear Mr. Taylor:

This letter is to confirm ALANA OIL AND GAS CORPORATION has notified SUNTEX ENERGY CORPORATION of their request of approval for the unorthodox well location on the above described.

SUNTEX is the surrounding offset lease holder and hereby waives and grants permission for ALANA OIL AND GAS CORPORATION to produce the above referenced wells.

If there are any questions, please contact me at (713) 531-6086.

Sincerely,

SUNTEX ENERGY CORPORATION
