RE: State of New Mexico Lease
V-937

Gentlemen:

Trobaugh Properties wish to re-enter the Enterprise (Deep) Unit "2" No.1 for recompletion in the Lynch Yates formation. The Enterprise (Deep) Unit "2" No.1, received approval for an unorthodox location for a Morrow test well. As managing partner of Trobaugh Properties, I respectfully request approval to re-enter the well located 1310 feet from the North line and 1510 feet from the East line, Section 2, Township 21 South, Range 33 East, Lea County, New Mexico, to attempt a completion in the Lynch Yates. We are dedicating 40 acres to the above well, and as shown on the enclosed map there are no offset operators who need to be notified.

If you need any additional information, please let me know.

Very truly yours,

A large, stylized handwritten signature in cursive script, reading "Georgia K. Trobaugh".
