Re: Amendment to Administrative
Order NSL-2096

Gentlemen:

By Administrative Order NSL-2096, dated July 23, 1985, the Oil Conservation Division granted an application by The Eastland Oil Company for a non-standard location for Carthel Federal Well No. 2. The location for this Atoka Wildcat re-entry is 2030 feet from the North line and 2080 feet from the East line of Section 5, Township 23 South, Range 29 East, NMPM, Eddy County, New Mexico and the N/2 of Section 5 is presently dedicated to the well.

Carthel Federal No. 2 was completed as an Atoka gas well on December 17, 1985 and is now shut in waiting on a pipeline connection. On March 14, 1986, by Division Order R-8179, this well was placed in the North Laguna Salado - Atoka Gas Pool.
