Request for Approval of Unorthodox Location

### Gentlemen:

Bell, Foy & Middlebrook, Ltd. is currently drilling the Gainer #1 well at a location 1980' FEL and 2310' FSL of Section 22, Township 10 South, Range 36 East, NMPM, Lea County, New Mexico. Upon receipt of our permit on Monday, December 7th, we learned that the well is subject to Crossroads South field rules which makes our location unorthodox. Attached is a plat showing the location of our well and the surrounding leasehold operators. Enclosed are waivers of objection from said operators. Please approve our unorthodox location pursuant to Rule 104F IV. Should you have any questions, please call me at the letterhead number. Thank you for your consideration in this matter.
