Re: Unorthodox Gas Well Location  
Northeast Blanco Unit Number 406  
1700 1430' F/NL, 1430' F/EL, Section 22, T31N, R7W  
San Juan County, New Mexico

Dear Mr. LeMay:

This is a request for administrative approval for an unorthodox gas well location in the Undesignated Fruitland Pool.

The referenced well has been staked at the footages above due to the rough terrain in the form of a bench and arroyo. Please refer to the attached Vicinity Map for the existing roads and locations in the area.

The northeast quarter of Section 22, T31N, R7W has been assigned to this well and is part of the Northeast Blanco Unit. All offsetting drilling blocks to the referenced well are also in the Northeast Blanco Unit as shown on the attached Area Well Map.

Please approve this request as soon as possible.

Sincerely,

BLACKWOOD & NICHOLS CO., LTD.

William F. Clark  
Operations Manager

1. Outline the acreage dedicated to the subject well by colored pencil or hachure marks on the plat below.
2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, force-pooling, etc?

☒ Yes ☐ No If answer is "yes," type of consolidation Unitization

If answer is "no," list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.) \_\_\_\_\_

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interests, has been approved by the Commission.

CERTIFICATION
